**Attachments:** Trimethylbenzenes\_ToxReview\_PublicCommentRevisions\_v25\_HERO\_Clean (2).docx; Ammonia\_ToxReview\_SAB draft.pdf

I think the Hero link is blue, but the text for the section is black. See the attached preambles for TMBs and ammonia (although the text in BaP is more current).

Do you have a version of TMB or ammonia that we could send?

Vicki,

It would be very helpful if you could send ammonia and/or TMB so we can take a look at how the linking was done in those documents. We think that we might just be able to copy and paste the preamble (if it has not been changed) into the BaP document and retain the existing links with no cost/time adjustment to the task order. If not, we will request an updated technical directive so we can send you a revised cost estimate to accommodate this request. Thank you!

Heather

Hi Julie and Heather,

Would it be possible to see if we could add the HERO links to the preamble of the BaP document. For the intext references where there is a section number, we would like the section number included in the link also. This is how it was done for TMB and Ammonia. We can provide one of these documents as an example. Please let me know how that would affect the timing and the cost. I can provide an updated TD.

Thanks so much,

Vicki

Terri,

For the benzo[a]pyrene technical editing task, can you please have someone confirm the following reference changes suggested by our information science staff?

1-Soares 2008 should this linked to Soares and Melo 2008 (HERO ID 1011858)  
2-In this string of references---Evanoff 1993; Hogstedt 2013; Pukkala 2009---should these references be linked to the following: Evanoff et al. 1993 (HERO ID 13825); Hogstedt et al. 2013 (HERO ID 2345454); Pukkala et al. 2009 (HERO ID 699237)

Thank you very much,

Hi Julie,

The cost estimate is approved.

Terri

Hi Terri,

The SRC cost estimate for reformatting and editing of the BaP Toxicological Review is attached. We plan to deliver the revised documents to EPA on August 21, 2014. Please let me know if you have any questions or need further information.

Thanks very much,

Julie
